## **EQUIPMENT SALES**

**Aggregate Equipment Sales (AES)** proudly introduces a full range of AMPCO Minerals vibrating pan feeders, designed to handle the demands of your operation. Backed by 25 years of expertise in the aggregate industry, AES delivers the reliable performance and responsive support you trust—now for your pan feeder needs.

### **Vibrating Pan Feeders**

Pan feeders are versatile and can evenly, continuously, and in large quantities feed large or granular materials to downstream equipment. Pan feeders equipped with a frequency inverter provide an adjustable exciting force to control and alter the material flow rate. They are available in various configurations, including floor-mounted, suspended, and conical discharge pan feeders, to meet the needs of your operation.

**Floor Mounted Pan Feeder**

**Suspended Pan Feeder**

**Maximum Feed Size:**

- 20 inches

**Size:**

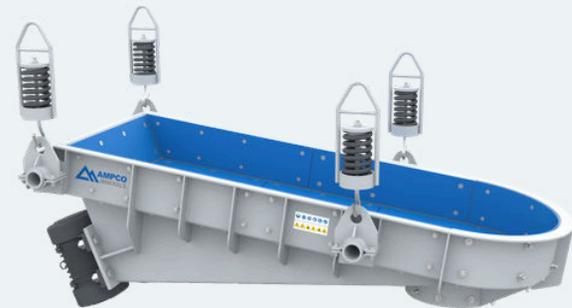

- Up to 96 x 203 inches

**Capacity:**

- 265 - 1,058 stph

**Floor Mounted Pan Feeder  
with Conical Discharge**

**Suspended Pan Feeder  
with Conical Discharge**

## Technical Parameter Tables

Model	Width x Length	Maximum Feed Size	Motor Power	Capacity
	inch x ft	inch	hp	stph
<b>PF304</b>	30 x 4	8	2 x 1.5	265
<b>PF305</b>	30 x 5	8	2 x 1.5	265
<b>PF365</b>	36 x 5	12	2 x 2	397
<b>PF366</b>	36 x 6	12	2 x 2	397
<b>PF426</b>	42 x 6	13	2 x 3	463
<b>PF486</b>	48 x 6	14	2 x 4	529
<b>PF606</b>	60 x 6	16	2 x 5	661
<b>PF726</b>	72 x 6	16	2 x 5	794
<b>PF7210</b>	72 x 10	20	2 x 6	882
<b>PF9617</b>	96 x 17	16	2 x 8	1,058
